Technical Projects

Giftr | Full-Stack Developer | [GitHub]
Platform for hosting gift-exchanges and sharing wishlists with C#, ASP.NET Core, MYSQL, Bootstrap, CSS
- Employed C# OOP functionality to provide scalability, and reduce redundant code
- Handled application's safety with ASP.Net Core's model validation and session
- Connected application to MYSQL to enable structured and relational data storage
- Combined Bootstrap and CSS to stylize the application and simplify the user interface

Fact Generator | Full-Stack Developer | [GitHub]
App that generators and stores facts using Javascript, Express, React, Bootstrap, MongoDB
- Leveraged React to create a responsive website for user interaction while minimizing page redirects and refreshes
- Utilized Bootstrap to design a simple, yet inviting interface to improve UX
- Connected project to MongoDB to securely and flexibly handle data
- Assembled project back-end with Javascript and Express

Experience

Weidner Apartment Homes - Seattle, WA & Anchorage, AK   **May 2018 - May 2022**
- Community Director at Lake Park and Forest Hills (90 and 108 units, respectively). Capably managed turn schedules, vendor relations, leasing, expense control, and renewals. As manager, both properties made quarterly bonuses since July 2020.
- Manager-in-Training at Tower 12 and Regency Woods. Worked with large teams in leasing, event planning and facilitating, budget preparation, and resident retention efforts.
- Regional Leasing Specialist for Alaska Region. Demonstrated flexibility and capability of leasing in a variety of offices and teams.

Award

WMFHA Emerald Award Nominee 2022
❖ Final round nominee for 2022 Community Manager of the Year (1-150 units)

Education

Coding Dojo | *Full-Stack Developer Certificate* | Seattle, Washington   **December 2022**
- An immersive 4-month full-stack web development bootcamp that specializes in **Python, MERN (MongoDB, Express, React, Node.js) and C#**
- Spent **1000+ hours** on intensive coursework through all phases of project development of full-stack application including building, testing, debugging, and deploying.

University of Alaska | Bachelor of Business Administration in Management | Anchorage, Alaska   **May 2019**
